SCHOLARSHIP PROGRAM

Entrepreneurship is an attitude, a behaviour and a set of values. When combined with the qualities of creativity, innovation, risk-taking and a strong need to achieve, the result is an individual whose style lights paths of opportunity for others to follow.

CRITERIA

To qualify, an applicant must be a student graduating from high school.

Applicants must intend to pursue studies at a provincially accredited post-secondary institution the fall following high school graduation.

Applicants will be judged on the following:

- Past entrepreneurial activity both in school and out of school
- A future vision of entrepreneurial opportunities
- A demonstration of communication skills, both written and oral
- Initiative and strong positive personal characteristics
- Personal interview (only for applicants selected)

In general, academic standing is not as important as entrepreneurial effort, initiative and vision!
